WICKED LITTLE LETTERS

A 1920s English seaside town bears witness to a farcical and occasionally sinister scandal in this riotous mystery comedy. Based on a stranger than fiction true story, **WICKED LITTLE LETTERS** follows two neighbors: deeply conservative local Edith Swan (Olivia Colman) and rowdy Irish migrant Rose Gooding (Jessie Buckley).

When Edith and fellow residents begin to receive wicked letters full of unintentionally hilarious profanities, foul-mouthed Rose is charged with the crime. The anonymous letters prompt a national uproar, and a trial ensues. However, as the town's women — led by Police Officer Gladys Moss (Anjana Vasan) — begin to investigate the crime themselves, they suspect that something is amiss, and Rose may not be the culprit after all.

DUNE: PART TWO

The saga continues as award-winning filmmaker Denis Villeneuve embarks on “Dune: Part Two”, the next chapter of Frank Herbert’s celebrated novel *Dune*, with an expanded all-star international ensemble cast.

The film, from Warner Bros. Pictures and Legendary Pictures, is the highly anticipated follow-up to 2021’s six-time Academy Award-winning “Dune.”

“Dune: Part Two” will explore the mythic journey of Paul Atreides as he unites with Chani and the Fremen while on a path of revenge against the conspirators who destroyed his family. Facing a choice between the love of his life and the fate of the known universe, he endeavors to prevent a terrible future only he can foresee.

THE MOUNTAIN

Sam, a fearless young girl raised outside of her Māori culture, is determined to fulfil her mission of connecting with her mountain in the hope they can heal her from the cancer she battles. Along the way she meets some misfits and new kids in town – Mallory, hoping to find friends, any kind of friends – and Bronco who claims to be a runaway from his dad who is too busy to notice him. As they make their way through the difficult “off the beaten track” route, they learn the true spirit of adventure and the magic of friendship.

GHOSTBUSTERS - FROZEN EMPIRE

Ghostbusters: Frozen Empire, the Spengler family returns to where it all started – the iconic New York City firehouse – to team up with the original Ghostbusters, who’ve developed a top-secret research lab to take busting ghosts to the next level. But when the discovery of an ancient artifact unleashes an evil force, Ghostbusters new and old must join forces to protect their home and save the world from a second Ice Age.

KUNG FU PANDA 4

Po is gearing up to become the spiritual leader of his Valley of Peace, but also needs someone to take his place as Dragon Warrior. As such, he will train a new kung fu practitioner for the spot and will encounter a villain called the Chameleon who conjures villains from the past.
